Abstract

Public Education centers purpose to enhance social behaviours, opinion, and act of person by gaining knowledge and skills. To reach this aim, important to notice person's interests educational necessary. Within this period, educational planning, implementations and assessments should prepare studiously in terms of achievement. In this survey a questionnaire was prepared by researchers to determine educational planning, implementation and achievement of qualified instructors in Public Education Centers. This questionnaire was conducted to thirty qualified instructors in Malatya Battalgazi Public Education Center and Yeřilyurt Public Education Center. And some statistical analyses were done and graphs were used. Accordingly, some discussions were made and suggestions were given.

Keywords: Public Education, qualified instructor, training.
